

# IOMEGA® STORCENTER™ PRO NAS 400R SERIES

## BENEFITS AT A GLANCE

Protects your business information in an easily accessible and antivirus-hardened storage vault

Recovers data from accidents, operator errors or viral attacks

Expands storage capacity on your existing network without business interruptions

Improves business productivity with faster and more efficient information and file sharing

**EFFICIENT** True hot swap Serial-ATA hard drives with RAID 5 option to protect against data loss and system downtime.

**EASY** Installs in just 15 minutes with plug-and-play network connectivity and intuitive installation tools.

**SIMPLE** Microsoft® Windows® Storage Server 2003 is a storage system you already know how to use.

**COMPATIBLE** Compatible with Windows®, Macintosh™, NetWare®, Unix® and Linux® environments.

It's the simple solution to protect, manage and share your critical information with the premier Network Attached Storage Server designed specifically for remote offices, medium businesses and workgroups.

## Product Benefits and Features

The Iomega StorCenter™ Pro NAS 400r series is designed to provide years of trouble-free data protection and system reliability. You can choose your level of data protection with RAID 0, 1 or 5. Dual Gigabit Ethernet ports help to ensure fast data transfers and a continuous network connection. The true hot swap Serial-ATA hard drives protect against system downtime and means the hard drives can be replaced without turning off the server. Simply remove one drive and replace it with another. Best of all,

the Iomega StorCenter Pro NAS 400r series is a system you already know how to use. Microsoft® Windows® Storage Server 2003 offers easy installation and familiar management tools. With Active Directory Services and DFS Aggregation, setting up and establishing management rights is quick and easy. Volume Shadow Copy Service provides snapshots for point-in-time file recovery. Print Server manages your networked-based printers to improve printer reliability, manageability, and security.

### YOUR BUSINESS CAN HAVE:

- High-speed SATA storage with up to 1.6TB total storage capacity.
- Protection that is a breeze to deploy, operate and maintain.
- Iomega Automatic Backup for a complete client backup solution.
- CA eTrust™ Antivirus software for reliable data protection against today's virus threats.
- 24x7 support to answer questions at any time of the day or night.
- A storage solution backed by Iomega's reputation for data storage and a 3-year limited hardware warranty and 1 year of onsite service.

### SERVICE AND SUPPORT:

Single-source accountability ensures dependable responsiveness, delivery of results and lower total cost of ownership of your Iomega StorCenter Pro NAS server. Iomega Rapid Response Services are available 24 hours a day, 7 days a week to protect your storage investment with fast, consistent and reliable technical and problem-solving expertise. The Iomega NAS StorCenter Pro 400r Series comes standard with a 3 year warranty with 1 year Next Business Day on-site service, free 24x7 telephone and email support, advance exchange support and full software support for duration of warranty period with unlimited access to Iomega's knowledge base. Optional Gold Plus or Platinum Plus service plans provide additional services and support. Ask about these plans where you acquired your Iomega StorCenter Pro NAS server.
